i-qbox Assessment and Training

The National Bank of Kuwait (NBK) was described by the Euromoney magazine as “a firm that is universally recognized as one of a handful of Middle East banks that sets the standard for others to follow”. Learning & Development is part of the bank’s critical success factors to achieve its ambitious goals.

NBK selected the i-qbox Human Performance Suite from Comartis as the main tool for all its online Assessments and Training initiatives.

Rony Semaan, Sen. IT Training Specialist Training & Development at NBK, stated: “We are very pleased to announce the success of the i-qbox product in all our branches across Kuwait.”

Due to an unparalleled commitment by all involved parties it was possible to successfully deploy the i-qbox Human Performance Suite configured and branded according to the needs of NBK in less than three weeks.
