

# KING'S DAUGHTERS MEDICAL CENTER

King's Daughters Medical Center (KDMC) "takes medicine further" with the **Human Performance Suite**.

## Requirement

To provide world-class care to its communities, KDMC relies on highly skilled and motivated teams in a range of medical fields. Learning and organizational development is, therefore, a must to be able to expand upon and maintain the professional quality of KDMC's services.

To facilitate the management and delivery of its numerous education and training programs, KDMC researched a number of learning management systems.

## Solution

After a thorough examination, KDMC decided on Comartis' Human Performance Suite (HPS). Then as Neal Cooper, Training Manager at KDMC, summarizes the HPS "turned out to provide all the necessary features, including advance competence management, at a very attractive price. ...It allows us to produce and distribute distance learning to all of our team members. It's flexible and allows us to develop our own e-Learning modules or purchase training off the shelf."

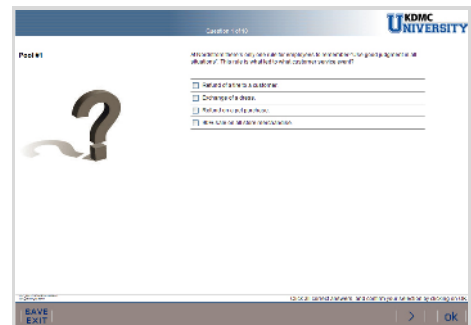

As per Cooper, KDMC uses the HPS in a vast number of ways: "We use it:

- As our primary testing center. Offering pre- and post-tests on web-based and instructor-led trainings;
- As a means to gain information from our teams through wellness surveys, class evaluations and learning needs assessments;
- To monitor the attendance and evaluation data of all our instructor-led trainings;
- To record and certify all our compliance and regulatory training;
- To monitor the training of individual team members of Accredited Continuing Education groups like CNE, CME, radiation operators, social workers and physical therapists;
- To offer a forum for new nurses to post questions to trainers; and
- To perform case studies."

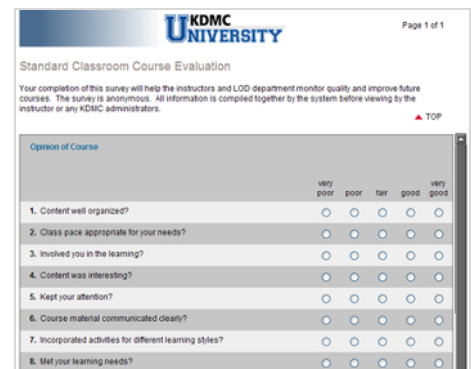

"The Human Performance Suite has allowed us to ensure that we can continue our mission 'To care. To serve. To Heal' at the best of our abilities. A fact underlined by KDMC having been named one of the nation's 100 top hospitals and among the 'Best Places to Work'" concludes Cooper.

## About KDMC

King's Daughters Medical Center (KDMC) offers comprehensive medical and home care services to the Tri-State area. For more information, please go to [www.kdmc.com](http://www.kdmc.com).
